1. A letter with Ref no:- SESPL/17-18/SPED/SS/0914/01 dated 27.04.2017 from M/s Sigma e Solution Pvt. Ltd. regarding Pre Bid queries submission against SBTE Tender no SBTE-215/2016/05/730 Dated 20.04.2017 [Procurement, Installation and commissioning of Rack mount Server, operating system and MS-SQL Database Server was submitted. Regarding submitted queries of pre bid, decision were taken as follows:

S. No	Query Received in Pre Bid Meeting	Decision Taken by Committee Members
1	The Server has no Support for Encryption of the data and local key management as per annexure 'A' (1) Source Encryption: System should support encryption of data on both the internal storage and Cache module array controller using encryption keys. (2) Should support local key management of single server and remote key management for central management for Enterprise wide data encryption deployment.	The Configuration we have placed was the configuration being used by NISCI and many departments are using this configuration. Secondly there may not be used for hardware encryption. We may use it through Software. Therefore we may not change any configuration w.r.t. server.
